N. E. Earling

Services were held on Sunday, Rev. Engdahl officiating.

The new townsite on the G.T.P. R. was well inspected by a few high-strung Americans on Tuesday.

Miss Gladys Willoughby, of Oshawa, arrived on Saturday. She is staying with her parents and enjoying country life at Earling.

Ole Anderson, of this place is going back to New Norway in the near future. He intends to visit the leading cities in the Old World. Mr. Anderson has many friends who regret his departure, but wish him an enjoyable journey and a speedy return.

George Haveland entertained his many friends with a most enjoyable "one-don't" Alfred Lindboe furnished the music, a large crowd was in attendance, and a "good old time" is being reported by all present.

The Christmas tree is being

erected and a basket social and society sale is slated for some time between Xmas and New Years. Exact dates are not yet known but will be given later.

We are wondering who should be awakened since the school has not started and likely will not start this year. What is the trouble and where does it lie?

The two mail carriers stopped at Earling on Friday night owing to the bad weather. "A poor excuse if new is better than a good one that is old and worn out."

The Bethesda congregation held a business meeting on Monday.

A. Goss and son left on Monday last for Stony Plain on business. They took advantage of the good sleighing and drove.

Talbot & Bladell have made extensive alterations and improvements to their premises by having the interior thoroughly renovated and beautified. Plate glass windows have also been placed in the front. This enterprising firm now has one of the neatest bakery and confectionery stands in Central Alberta.

Stony Creek

Beautiful snow, yes and lots of it, it cheers the hearts of the young people to think of the good time coming; it cheers the farmers as it insures the crop the coming season, but it pities the chore boys who will have to wade around through snow two or three feet deep, also the delinquents who have not replenished their wood piles before the snow came.

Our country is still improving, the little city of Camrose is something to be proud of, considering the age.

A new school house is being built in the New Salem district, which will be a credit to the community, work is commenced and it is hoped it will be ready for use when school opens after holidays. Mr. Mill of Camrose has the contract for building.

Ed. Van't Hien took his spade and went out to his potato patch to see what it could find. Of course the potatoes had all been dug and marketed, but being curious to know what was under it he commenced digging, he did not dig far till he struck a bed of yellow sand, at about six feet he struck water, which stood about two feet deep and was supping ten head of stock with water he expects to sink it deeper as soon as convenient, he says his well is worth one thousand dollars.

Mr. Paris on hearing his dog bark took the gun and went to see what was the matter, on rescuing the spot he found the dog had a lynx trail, he drew his gun, when his heart failed him, went back to the house, he dug up his gun, and permitted the little creature to live.

Edberg

Now we have got snow enough for sleighing, a little too much snow at one time.

Mr. and Mrs. Ramssamen, who has been visiting friends and relatives in Idaho, are back again, they like Sunny Alberta better.

Mr. Art Halstead had the misfortune of having his leg this fall, is now in Wetaskiwin under the doctor's care.

Mr. Emil Edstrom, been around buying cattle.

Mr. E. Nodgren of Highland Park drove a bunch of steers to Edberg last week.

It is quite a busy time for the hunters now. Mr. Emil Edstrom shot four Otters in one day and another boy shot a weasel; well done boys.

"IT'S ONLY A COLD, A TRIFLING COUGH"

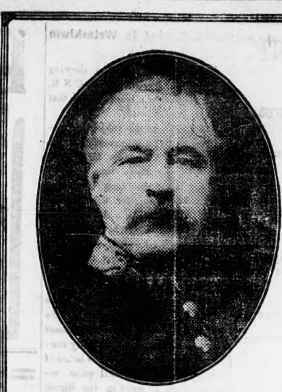

Thousands of people said this when they caught colds. Thousands have neglected to cure the cold, and thousands have died of Consumption through neglect. Never neglect a cold or cough. It can have but one result, it leaves the throat or lungs, or both, diseased.

Dr. Wood's Norway Pine Syrup

is the medicine you need. It strikes at the very foundation of all throat or lung complaints, whether you are suffering from Cough, Cold, Bronchitis, Asthma, Croup, Sore Throat, and all other pulmonary and Consumption.

It has stood the test for many years, and is now more generally used than ever. It contains all the long healing virtues of the pine tree combined with Wild Cherry Bark and other pure remedies. It stimulates the weakened mucous organs, allays irritation and subdues inflammation, soothes and heals the irritated parts, loosens the phlegm and mucus, and adds nature to expel through the natural accumulations. It is a most valuable remedy for all colds, coughs, and all other pulmonary complaints. It is put up in a yellow wrapper, and is the true trade mark, and price \$1.00 per bottle.

Mr. J. L. Lethbridge, Belle Glade, N.B., writes: "I was troubled with a bad cold and severe cough, which assumed such an attitude as to keep me confined to my house. I tried several remedies advertised but they were of no avail. At last I tried Dr. Wood's Norway Pine Syrup and one bottle cured me completely."

OTTAWA, ONT.
235 Cooper St., Jan. 8th, 1906.

You know what fearful trouble I have had all my life time from constipation. I have been a dreadful sufferer from chronic constipation for over thirty years and I have been treated by many physicians and I have taken many kinds of proprietary medicines without any benefit whatever. I took a pill for a long time which was prescribed by the late Dr. C. R. Church of Ottawa. Also for many months I took a pill prescribed by Dr. A. F. Rogers, of Ottawa. Nothing seemed to do me any good. Finally I was advised by Dr. Rogers to try "Fruit-a-tives", and after taking them for a few months I feel I am completely well from this horrible complaint. I have had no trouble with this complaint now for a long time, and I can certainly state that "Fruit-a-tives" is the only medicine I ever took that did me any positive good for constipation. I can conscientiously recommend "Fruit-a-tives" to the public as, in my opinion, it is the finest medicine ever produced.

JOHN COSTIGAN.

IN THREE MONTHS "Fruit-a-tives" did what Doctors and drugs failed to do in THIRTY YEARS.

"Fruit-a-tives" cured the Hon. John Costigan of the worst case of chronic Constipation that the leading physicians of Ottawa ever saw. "Fruit-a-tives" gave this famous statesman what he had not had for 30 years—perfect health.

Mr. Costigan gives the credit where credit is due—to "FRUIT-A-TIVES"—the one remedy that can, and does, cure Constipation.

Fruit-a-tives

OR FRUIT LIVER TABLETS

are the only remedy in the world really made of fruit. Juices of fresh Apples, Oranges, Figs and Prunes are so combined that the well known medicinal action of the fruit is intensified many times. Tonics are added, and the whole pressed into fruit liver tablets.

"Fruit-a-tives" owe their wonderful power, and their wonderful success, to the fact that they are made of fruit—that they ARE fruit, INTENSIFIED.

It is the medicinal principles of fruit that can restore the great eliminating organs—the Kidneys, Bowels and Skin—to their normal condition. That is why "Fruit-a-tives"—made of fruit—cure Constipation and cause the bowels to move naturally—correct all Stomach, Liver, Kidney and Skin Troubles—and build up the entire system.

If you are suffering as the Hon. John Costigan did—CURE YOURSELF! as he did—with "Fruit-a-tives."

C. N. R. Coming to Wetaskiwin

Vermilion, in a new map, showing the projected new line of the C. N. R. from that town to Wetaskiwin.

The Signal, on this subject, says:—

"One of the most interesting documents seen in Vermilion for a long time is the new official time table of the C. N. R., which took effect last week. The reason for this may be stated in a few words. At the time that the main line reached Vermilion in September, 1905, it is stated that the C. N. R. would connect this place with Wetaskiwin on the Calgary and Edmonton fork of the C. P. R. by a branch line. No one seemed to know exactly who was responsible for the statement, although it seemed quite reasonable, it gained ready credence. Nothing further was heard of the matter, however, until quite recently, when, as noted in the Signal, a Wetaskiwin paper announced that the C. N. R. had purchased some property in this city. Then the time table referred to appeared. There is nothing extraordinary about it, but in glancing over the map on the outside back cover, which shows the C. N. R. system built and projected, an eagle-eyed Vermilionite noticed that the Vermilion-Wetaskiwin branch appeared among those including in the system of the company.

"This time table is an official publication prepared by or under the supervision of the chief officers of the company and by their authority and sanction. This map affords the very best evidence that the Vermilion-Wetaskiwin branch is as good as built, as the plans of the company evidently provide for it, and another twelve months will probably see it finished and in active operation. The building of this connection is a matter of the greatest importance and significance to Vermilion, for it is the first step towards making this divisional point the railway centre which its citizens confidently predict it will become.

"Get an advance, skin the shoes, or lose money!" This was the slogan of the American shoe manufacturer at the opening of the season.
Canadians who buy imported shoes pay one dollar duty, a quarter of a dollar more in higher wages, or \$1.25 in all for their lack of perception. They fine themselves 33 1/3 per cent and get shoes which the made-in-Canada shoe can defeat on even terms in foreign markets.
Then the imported shoe may have been "skinned" of value to partly meet that handicap of \$1.25.
Follow the shoe market, and you will find that the honest United States shoe manufacturer has either withdrawn from the Canadian shoe market or raised his price too high.
Money cannot buy, nor can artifice devise a better shoe than that upon which are stamped this "Seal of Certainty".

Musical Talent of High Quality
In the Pioneer Sisters the audience found musical talent of the highest quality. They were taken by storm, and quickly became enthusiastic. In number, favored number without waste between, each in turn bringing before them some new and unexpected accomplishment on the part of the fair musician. Rarely has it been given for an Edmonton audience to admire such excellent music, combined with such exquisite stage setting as was seen last night. Each of the four numbers was successful, persistently, the enraptured audience excepting to breathe, their enthusiasm reaching its highest point when Ina K., who is also a marvel with the drum and traps, gave a solo on the xylophone. The audience applauded to the echo, recalling the musicians twice each time, receiving a generous response. The concert was in every respect high grade and a treat which no true lover of music can afford to miss. Edmonton Journal. This excellent company will appear in Angus Opera House next Wednesday evening.

Town Topics
Among the many neatly-dressed and attractive windows to be seen in Wetaskiwin at this time is that of W. J. Stephenson's book and fancy goods store. Mr. Stephenson recently had the interior of the store remodelled and enlarged, which alteration was necessary to enable him to display the largest and prettiest stock of Christmas stock he ever handled.

The next dance under the auspices of the Wetaskiwin Assembly Club, will be held in Angus Opera House on Friday evening of this week.

Howard Adams, recently of Chicago arrived in the city last week, and will likely spend the winter with his brother T. L.

W. A. Snider made a business trip to Calgary this week.

Geo. Pollock was at Selkirk last week installing a furnace in the Merchants Bank building.

Captain Denny is strongly of the belief that the Peace River country is, in parts, a rich mining country. He is not only convinced of the possibility of gold, but knows of it. There is much gold, he says, at the junction of the Parana and the Findlay rivers, which go to comprise the Peace river. Speaking upon the subject of the recently constructed trail to the Yukon, Captain Denny stated that he did not believe it would be of any practical utility. The trail was only eight feet wide and only few people would use it.—Albertan.

Bileans a "Woman's Medicine"

Grateful Wives and Mothers Testify to Their Value

Bileans have been called a "woman's medicine" because of their exceptional fitness for the various ailments peculiar to the sex, as well as for liver disorders and stomach ailments generally. Unlike most liver and stomach medicines, Bileans contain no bismuth, mercury or any mineral whatever. From costing to kernal they are purely vegetable.

Mrs. J. Whitfield, of Swan Lake, Man., says:—"Bileans have done me a wonderful amount of good. I can hardly describe how bad I felt before I took them. I could not eat but that it caused pain. There was a constant sensation of tightness in my side, and my liver was entirely out of order. I could not sleep at night, suffered also from kidney trouble, and was always in a rundown and very serious condition. I had been ailing in this way for years, and it is gratifying to find that Bileans were equal to my case."

Mrs. Wm. Hall, of Dean Lake, says:—"I have proved Bileans very good for constipation, from which I suffered a great deal. They cured me."

Mrs. J. P. Thompson, of Cleve land Park, says:—"For irregularities and painful periods I can highly recommend Bileans. They proved a great blessing to me and restored me to health when I had become very ill and very despondent."

Bileans are absolutely unequalled for female ailments and irregularities, constipation, piles, anaemia, debility, rheumatism, blood impurities, etc. They tone up the system and enable it to throw off colds and chills, strengthen girls just emerging into womanhood, and speedily restore strength and energy to those who are run down. Of all druggists at 50c a box, or post free from the Bilean Co., Toronto, on receipt of price, of boxes for \$2.50.

Silver Creek

The snow storm on Thursday made the roads better for sleighing. We understand that Mr. and Mrs. Cole intend going to Banff, where they will take treatment at the hot springs. We hope that they will be greatly benefited by it.

Mr. D. Cumrine has sold his blacksmith shop and tools to Mr. Hockaday, who has removed the shop to his own place.

We understand that it is Mr. Cumrine's intention to migrate to the sunny south. He will be greatly missed in this part, especially among the Silver Creek "kids."

Mr. Dragon has sold his farm and intends moving his family to the Peace river district in the spring.

Mr. and Mrs. Mather and Mrs. Stacey were in Cumrine last Thursday.

Mr. and Mrs. Fowler and son spent last week visiting at her parents.

Mr. Harrison went to Cumrine with coal this week. He intends moving his family in soon, having sold his farm to Arthur Rowe.

Although Friday night was so disagreeable many of the neighbors met at Mac Johnston's where a very enjoyable time was spent in dancing and pulling tally.

Mrs. Mac Clelland came home Friday last. She intends remaining at home for some time. We are glad to have her amongst us again.

Although the roads were somewhat disagreeable for travelling on Friday night, it did not keep the friends and neighbors from enjoying a very sociable evening at Mr. Ellingson's.

Mrs. Leona Leving spent a few days last week with Mrs. Ellingson.

Those last two days' snow is keeping the Silver Creek snow-plow busy.

A meeting was held in Edmonton this week, while it was inclement, and altogether informal, will probably be very expensive in its results, as it forecasts nothing less than the adoption of a beautification scheme, which the city and Alberta governments will be asked to take up in concert for the improvement of the whole city and the river drive for miles above and below the city. The plan is to be submitted to Mr. Todd, the landscape gardener, for approval.

Practically all makers of good clothes in Canada use HEWSON TWEEDS. Look for the tag that guarantees PURE WOOL.

Regina, Sept. 20, Nov. 10.—Fire this morning destroyed the Windsor Hotel, the best known hotel in this city, causing the death of at least three people and probably the fatal injury of two more. Two of the dead are W. and L. Musser, manager of the hotel, and a fireman, and the loss to the hotel is \$30,000, and insurance amounts to \$3,000.

Lethbridge, Medicine Hat, Calgary and Edmonton have formed a professional water polo league. The salary limit is \$1200 a month.

The town of Oksa has formed a 10,000 club with a view to increasing the population to that number by 1910.

Thomas Edison, the great electrical inventor, claims to have completely solved the problem of economical application of the storage battery theory, and in his mind has again knocked the horse out entirely.
